

icater

- Benefits to the icater membership program

Becoming an icater member is one of the easiest and most rewarding things you can do for your company, and more importantly... rewarding for you.

Here is the program: we ask you if you are interested in becoming a member. You simply reply yes; in doing so we enroll you in the program, and give you a ten dollar gift certificate. This bonus certificate is for YOU to enjoy our restaurant. For every one thousand you allow us to provide your group with catering, we send YOU, a gift card for twenty five dollars.

Here is the new bonus!! We want you to speed up your spending to one thousand... For every person you refer to our program, we will honor their spending on the first three orders to be added to your spending, as well as theirs!

It's this simple:

When a referral is interested in getting started as a member of the icater program, have them mention your name, and company's name. THAT'S IT!! We will do the rest.
